Benson's Dahlias

HIGHEST AWARDS GOLD MEDAL SILVER MEDAL

Panama Pacific International Exposition SAN FRANCISCO, 1916

Ernest G. Benson

Established 1909

3600 MONTLAKE BOULEVARD
Seattle, Wash

HOW TO REACH BENSON GARDENS

To get to our gardens take Eastlake car or auto to 40th and 14th N. E. Walk 2 blocks east, 3 blocks south, or walk 1 block south and 4 blocks east. Also take 23rd Ave. car north to end of Line, walk north.

By auto follow Boulevard east from 15th N. E. and Brintnall Place.

Bear Friend and Customer: . 544

You are the life of our business, the inspiration to greater efforts, and the one we are bending all our efforts to please.

Our fire in 1913 demonstrated to us that your support and confidence is of greater value to us than all else combined. No earthly power can destroy a business that has the confidence of its satisfied customers.

Since 1909 we have been striving to please you, and your continued support, your many letters of approval and repeated visits to our gardens prove to us that we are rewarded with success.

Since the fire in 1913 we have built especially for the growing of Dahlias, and we are giving the growing

of Dahlia plants our especial attention.

Our method of growing Dahlia plants is such that we can guarantee our plants to give entire satisfaction and refund the money paid for them where they prove not to be as guaranteed.

When our supply of roots is exhausted, pot-grown plants will be supplied at the same price, guaranteed

as above.

If you intend to have better Dahlias and be up to date, learn how to raise Dahlias from plants. Some Dahlia catalogues will tell you that you cannot raise good Dahlias from plants, and pride themselves on not raising plants. Remember, it is the other way of stating that they do not know how to raise plants and would rather not have you try it, as they would be minus a customer.

If our plants do not give satisfaction, the purchase price will be returned to you upon demand.

Terms

When buying Dahlias from any of our Agents, be sure that they are delivered under our unbroken seal. We are then responsible and our Agents will see to it

that their customers are kept pleased.

When planting keep the seals and labels in a convenient place, as we cannot entertain any claim without the seal.

If you are convinced that Benson Dahlias are the

best, accept no Dahlia bulbs without our seal.

If you carry an account with your florist, buy our Dahlias from him and you will get the same service and as good bulbs and plants as if you buy direct, only watch for our unbroken seal on each tuber.

If you do not carry an account, cash must accom-

pany the order.

Our Dahlia tubers and plants are delivered at plant-

ing out time in April and May.

All our Dahlias are guaranteed true to name and to give entire satisfaction if properly handled and cared for.

We deliver free by mail to any part of United States, but prefer Express delivery, as we can give you larger bulbs and better service.

The Benson Dahlia Show

Each year, Sunday and Labor Day, we will hold a Dahlia Show at our gardens, entirely free to all. Fifty prizes will be given to exhibitors. Music will be provided and a lecture on Dahlia Culture will be given each day. Our next Dahlia Show will be held at our gardens September 3rd and 4th, 1916.

Thanking you for your support and cooperation, and trusting that our services to you may increase in value while we strive to please you, I am

Yours faithfully.

Rew Cactus Dahlias for 1918

Plants in May.	
A. R. Perry. Large, bold flower on good stem. Flor-	
ets tubular and incurved. Old rose tipped gold	
and yellow at base	5.00
Crescent. Garden Cactus; star shaped, one long,	
strong stem; golden yellow at base, lightening	
to white, faintly tinged pink	5.00
Falcon. Very free blooming on good stem; clear	
bright yellow at base to reddish bronze at tips;	
incurved	5.00
Fearless. One of the largest Dahlas in existence,	-
with long, narrow incurved florets, orange scar-	
let flowers on wiry stems	5.00
Gossamer. Irregular incurved; long, narrow florets	
on pendent stem; deep yellow to orange	5.00
Geraldine Edwards. Evenly incurved pointed florets	
on good stem; pale lavender blush to yellow at	
base	5.00
Hugh McNeil. Garden cactus on good stem. Dis-	
tinct pretty deep pink	5.00
Miss Judd. More than usually incurved and claw-	
like florets on good stem; lemon yellow shading	
to pink and tipped lemon yellow	5.00
Perseus. White, striped heavily with vermillion;	
incurved on good stem	5.00
Phenomenal Unlike any Cactus Dahlia yet raised.	
Florets are long and ribbon-like, incurved and	
intermingled more like a shaggy chrysanthe-	
mum than a Dahlia. Pale salmon with yellow	
	5.00
Searchlight. The yellow Miss Stredwick; slightly	
incurved narrow florets on good stem	5 00
Sentinel. Garden cactus on good stiff stem; slightly	0.00
incurved narrow florets; deep rose to white at	
	5.00
Sceptre. Garden Cactus on good stiff stem; florets	0.00
narrow and incurved; orange yellow at base to	
mauve and rose purple	5 00
Topaze. Florets white at base, changing to shades	0.00
of purple and rose blended; very narrow florets	
on good hard stem; medium size	5 00
	0.00
Ursa Major. Florets slightly incurved and very numerous on good stem; clear yellow marked	
scarlet; very free-blooming and large flowers.	5.00
	0,00
Vanguard. Narrow, tubular deeply but evenly in- curved florets on strong stems	5.00
	5.00
Washington. The best crimson to date; florets nar-	
row, tubular pointed and incurved; very large	5.00
flowers on good stems	0.00
Rew Collarette Dahlias for 1916	
Plants in May.	
Bacchunte. Very free on wiry, erect stems. Color	
deep crimson marked and suffused at tips with	
white; reflexed type; collar white	5.00
Garland. One of the finest collarettes to date.	
Flowers carried on great stems; petals rounded	
and slightly reflexed; vivid clear deep scarlet	
with light yellow collar 3	.00
Heraid. A large beautiful colored flower; soft rose	
pink with deeper shadings; collar white; flat	
florets; on good stem; dwarf bushy habit 3	
	.00
Marksman. Fancy; the ground color white, striped	.00
Marksman. Fancy; the ground color white, striped and splashed vermillion; bushes somewhat dwarf with strong, wiry stems	

Robelties of 1915 Our Own Introductions

New Carnation Flowered Dahlia, La Conner. As a	
cut flower Dahlia and for florists' use this new	-
Dahlia stands alone as the finest yet introduced.	
We have named it the Carnation Flowered	
Dahlia, as this name alone will correctly de-	
scribe its graceful, fluffy flower, as well as its	
long, (often 3 feet) stiff stem. It is the color	
of the beautiful Lyon Rose, with the center a	
shade deeper. It is the most prolific Dahlia we	
know of, with leathery rich deep green foliage.	
With proper care and disbudding over one hun-	
dred flowers can easily be cut on long stiff	
stems from each plant in a season, Each	1.00
stems from each plant in a season. Each	
finest yellow Peony Flowered Dahlia yet intro-	
duced. The face of the flower is pure golden	
yellow, while the back of each petal is a deep	
rosy copper. Each	1.50
New Decorative Dahlia, Golden Potlatch, Very large	
pure golden yellow. Needs no disbudding. Give	
plenty of rich fertilizer and pinch the main	
sprout early to induce branching. Each	1.00
New Decorative Dahlia, Cerise. For Jack Rose red	
effect in the garden this Dahlia stands alone, as	
it needs no disbudding and is fairly covered	
with flowers from June until frost. Towards	
the end of the season it takes on a beautiful'	
orange vermillion shade found in no other	
Decorative Dahlia, Each	.50

C. H. Curtis. Scarlet, tipped crimson, Incurved	.25
Clincher. A great Cactus, but on pendant stem;	90
color heliotrope	.20
orange red; good stem	.25
Conquest. Deep crimson maroon on good stem	.20
Coral. Crome yellow changing to rosy salmon;	
good stem	.25
Country Girl. Yellow shaded amber	.15
Crescent. Bright coral red, shading to yellow at	.25
base; long, narrow florets,	.25
Dawn. Bright yellow at base, shading to cerise;	
good stem	.25
Debutante. Soft light pink, incurved	.25
Delight. Pale pink with yellow center; large flower	95
on good stem	.25
berry	.15
Dr. Kendal. Deep rich orange on good stem	.25
Dreadnought. Crimson maroon of large size	.15
Echo. Bright Tyrian rose flowers on good stem	.25
Erecta. Garden Cactus. Deep rich pink Ethel Yeatman. Shell pink with salmon center	.25
Eureka. Rich velvety violet purple crimson of	
good size	.25
Evening Star. Star-shaped bright terra-cotta and	0.5
vellow	.25
Flieder, Heliotrope on good stems; broad florets., Foxhunter, Bright scarlet; free flowering	.25
Fred McQuade. Glowing crimson scarlet	.20
Goldcrest. Pure yellow tipped scarlet	.25
Gold Queen. Large pure yellow with straight,	
rather broad, florets	.25
Great Western. Large bright purple	.25
and stiff stem	,25
Harold Peerman. Deep rich golden yellow on good	-
stem; incurved	.25
H. W. Sillem. Vermilion scarlet; large flowers on	.20
indomitable. Mauve pink, long, narrow florets	.25
iolanthe. Soft coral red with yellow shadings at	,20
base and tips of florets	.25
ivernia. Bright yellowish salmon on fawn	.25
J. B. Riding. Yellow at base, shading to deep	
orange	.25
J. H. Jackson. Star shaped, deep maroon, on good stem	15
stem	.15

John Peel. Intense rich crimson on good stem,	- Marie
incurved	.25
Khaki. Large orange, fawn and yellow on good	.50
stem	.25
Lady Fair. Primrose tinged, soft pink; split and	
hairy florets	.25
stem	.25
Leda. Deep violet rose on good stem	.25
Magple. Maroon, tipped white	.25
Marathon. Yellow shading to rosy carmine: stem	.25
pendant	.25
stems	.25
Mrs. A. Dyer. Lemon yellow shading to rosy pink	.15
Mrs. J. Emberson. Pale lemon yellow splashed and	,20
striped rosy pink	.25
Mrs. McMillan. Incurved, heliotrope pink with lighter center	.25
Nellie Riding. Deep crimson with pure white tips.	.25
New Sarum. Yellow suffused fawn on good stiff stem	.25
Oswald. Orange, red tipped tomato red, on good	.60
stem	.25
Penguine. Garden Cactus. Bright gold on stiff stem	95
Phineas. Crimson scarlet with orange center; good	.25
stem	.25
Quimbo. Narrow, incurved, crimson, maroon florets	.25
Rainbow. Beautiful soft pink	.20
Red Admiral. Incurved, rich flery scarlet	.25
Recam. Rich dark crimson	.25
Rev. A. Hall. Ruby crimson; narrow florets Rev. T. W. Jamieson. Yellow at base, changing to	.25
lilac rose; good stem	.25
Rosa Starr. Deep pink on good stem	.25
Ruby Grinsted. Soft yellow, suffused rosy fawn.	.35
Snowdon. Pure white on good stem	.25
Stormer. Scarlet of finest form	.25
The Imp. Claw shaped, dark maroon, almost black The Lyon. Large flower on strong stem	.25
The Earl. Incurved ruby crimson, on good stem	.35
Thuringia. Clear, bright orange scarlet, on stiff	.40
stem	.20
Vedette. Scarlet tipped white, on good stem	.15
Wellington. Crimson scarlet; erect and free blooming	.25
William Marshall. Rich orange of large size	.25
Peony flowering Bablias	
Andrew Carnegle. Salmon pink with large yellow	
center	.25
Antagonist. Cardinal red	.35
Bertha von Suttner. Salmon pink, shaded yellow	.25
Careless. Dull red	.35
Cleopatria. Clear golden yellow	.50
